

French Martini

Ingredients:

- 1 oz. Vodka
- 1 oz. Raspberry
Liqueur
- 2 oz. Pineapple Juice
- Raspberry
for garnish

In a cocktail shaker add ice and cocktail ingredients. Shake vigorously. Strain into a Martini glass. Take your time to allow foam to rest on top. Let the cocktail rest for 30 seconds. This allows the foam to form. Gently place a raspberry hallow opening side up on top the foam. It will float and stay in place as long as no liquid gets into the opening of the raspberry.
