

Frozen Coconut Mojito

Ingredients:

- 4 oz cream of coconut
- 6 oz coconut rum
- 3 oz fresh lime juice
- 8-10 fresh mint leaves
(*& extra for garnish*)
- 4 cups ice

Place all ingredients, including the ice in a blender and blend until ice is crushed and mixture is completely smooth. Pour into 2 glasses and serve immediately so they don't get watered down. Garnish with extra mint sprigs, if desired.
