

Salty Dog

Ingredients:

- Salt
- Ice cubes
- 2 parts vodka
- 3 parts freshly squeezed grapefruit juice
- Slices of grapefruit for garnish

Pour salt onto a small, flat plate. Wet the rims of a highball glass, then gently dip the rim of the glass in the plate of salt – spinning slightly to coat the rim with salt. Carefully fill the glass with ice cubes – being careful not to knock the salt off the rim of the glass. Pour 2 parts vodka and 3 parts grapefruit juice over the ice. Stir gently to combine and serve.
